So your larch looks like this?

Come and change it!
January 31 at Noon
at pfm bonsai

The January MHBS will be devoted to wiring larch (but you can wire anything). There will be a brief program by Pauline on larch and wiring but most of the day will be spent on wiring our trees. If your subject tree is frozen you can still wire it but save the bending until spring. Bring trees, tools and wire. If you are in need of wire, the studio is fully stocked with copper and aluminum.

Bring something to share for the group's lunch.

PAY YOUR DUES if you have not already.

Sign up for workshops.

Socialize with your bonsai friends.

See 2015's events in review on the big TV.

IF YOU HAVEN'T REGISTERED for MABS and/or ABS come and do it in person at the meeting.
